Shalom and Greetings from Heritage Seminars in Jerusalem.

Heritage Seminars are unique educational experiences in Eastern Europe which study Jewish history, ancestral roots, and the sources of Jewish life and scholarship. Through extensive visits to the centers of European Jewry and a course of creative academic study that takes place throughout the seminar, participants strengthen their knowledge and awareness. Heritage was conceived with special emphasis on the richness of Jewish life in Eastern Europe before the war, the demise of that lifestyle during the Holocaust, as well as the contemporary Jewish community in Poland today. The seminar is accredited by the Rothberg International School at Hebrew University. All programs include orientation and advance preparation. Heritage excels at meticulous planning in educational curriculum, logistics, staffing, *kashrut* requirements, medical personnel, and security. To date, we have served the educational needs of over 8000 participants since our inception in 1990. In most cases, Adults have not had the opportunity to experience this unique educational event. It is an impacting experience that gains knowledge, insight and strengthened Jewish identity.
